

European Rare Earth RESources

Rare Earth Elements Resources have become vital elements in the modern industry. With constantly increasing applications ranging from micro-electronics to wind generators and with very few rare earth mines in operation around the world, the rare earth elements (REE) supply and demand is in the global spotlight.

The first **European Rare Earth Resources conference** will deal with topics such as:

- REE importance for Europe / supply and demand issues
- REE exploitation policy issues
- REE occurrences in Europe
- REE processing (advances, new technologies, future outlook)
- REE urban mining/recycling
- Environmental Impacts (gains and losses through REE utilization and REE extraction)

Conference Venue

The Conference will take place at the "Milos Conference Center - George Eliopoulos" located on the outskirts of the village Adamas, Milos island. **The island of Milos**, an entirely volcanic island, is located 86 nautical miles from the port of Piraeus, in the southwestern part of the Cyclades island group, in the Aegean Sea.

Conference Organized by

- The EURARE project Consortium
- The RARE³ Platform

IMPORTANT DATES

Abstracts submission deadline: **31 January 2014**
Notification of acceptance: **15 February 2014**
Full paper submission deadline: **1 June 2014**
Final program: **1 July 2014**.

ABSTRACT SUBMISSION

Abstracts should be limited to 200 words.
Abstracts should include the following:

- Corresponding topic
- Title of the abstract
- Name(s) and affiliations of author(s) (the corresponding / contact author should be clearly indicated)

To submit an abstract please send a .doc file to the conference secretariat at eres2014@heliotopos.net

EXHIBITING AND SPONSORSHIP

An exhibition on instrumentation and scientific literature will form an integral part of the Conference. It will provide a unique opportunity for contacts between participants and exhibitors. Companies interested in presenting their products are invited to contact the Conference Secretariat

European Rare Earth RESources

International Scientific Committee: Prof Ioannis Paspaliaris, Greece (NTUA), Chairman; Prof. Per Kalvig, Denmark (GEUS); Dr. Nikos Arvanitidis, Sweden (SGU); Prof. Dimitrios Panias, Greece (NTUA); Prof. Koen Binnemans, Belgium (KU Leuven); Prof. Bernd Friedrich, Germany (RWTH); Prof. Jason Yang, Finland (GTK); Dr. Dimitrios Eliopoulos, Greece (IGME); Dr. Martiya Sadeghi, Sweden (SGU); Prof. Vadim Kessler, Sweden (SLU); Dr. Paul Lusty, UK (NERC); Dr. Daniel Cassard, (BRGM)

Organizing Committee: Dr. Thymis Balomenos, Greece (NTUA); Dr. Juha Kajja, Finland (GTK); Erika Machacek, Denmark (GEUS); Dr. Peter Tom Jones, Belgium (KU Leuven); Dr. Yiannis Pontikes, Belgium (KU Leuven); Dr. Srecko Stopic, Germany (RWTH)

REGISTRATION FEES (per person in Euro)	On or before 1 April 2014	From 2 April
Participant	350	400
Student	175	200
Accompanying person	50	50

Participant/Student fee includes:

- Participation in the scientific programme
- Conference material
- Coffee breaks
- Lunches
- Conference dinner
- Round trip transfer from Adamas village to the Conference Center
- Certificate of Attendance
- Full day excursion around the island - Visit to the Milos Mining Museum - on the 7th of September 2014

Accompanying person fee includes:

- Conference dinner
- Full day excursion around the island - Visit to the Milos Mining Museum - on the 7th of September 2014.
